

CLEANING ■ SEALING ■ MAINTENANCE

Sealing and maintenance solutions for all types of stone, porcelain, quarry, terracotta and glazed ceramic

FLOORSHINE TECHNICAL DATA SHEET REF: 6/5/1

LTP FLOORSHINE

Clean & Shine Renovating Cleaner

A highly effective maintenance cleaner for tiled surfaces. Cleans and protects in one application. Renovates dull looking floors. Regular use will also help to reinforce protection on surfaces sealed with **LTP Ironwax Gloss**, **LTP Ironwax Satin** & **LTP Glaze Protector**.

Directions for use:

Weekly Maintenance:

Dilute 1 - 2 capfuls per litre of warm water. Mop the surfaces with the solution. Do not rinse. Allow surfaces to dry. Do not walk over the floor while this product is drying. After use rinse mop well with water. Do not apply to polished surfaces.

After several years, if surfaces suffer from a build up or become difficult to clean, remove the accumulation using **LTP Grimex** heavy duty grime remover. After intensive cleaning, any previously sealed surfaces should be re-sealed.

Health & Safety:

- Less than 5%:phosphates
- Less than 5%:non-ionic surfactants
- Perfumes
benzisothiazolinone
methylisothiazolinone
amyl cinnamal
d-limonene

Keep out of reach of children

May be irritating to skin.

After contact with skin, wash with soap and water.

Store in a frost proof place

Avoid extremes of temperature.

Do not discharge into drains or watercourses.

Dispose of contents/container in accordance with local authority requirements.

Coverage:

1 litre should be sufficient to wash an average floor of 20m² approx 40 times

Storage information:

Store in a cool, dry, frost free environment

Notes:

NB. Use in place of your normal detergent. Do not mix with any other cleaning agent. Not suitable for highly polished surfaces - for correct maintenance of this type of surface use **LTP Waxwash** or **LTP Stonewash**.

This information is offered without guarantee. The material should be used so as to take account of the local conditions and the surfaces to be treated. In case of doubt, the product should be tried out in an inconspicuous area

for beautiful surfaces we have the solutions...
